CELESTION G10 GOLD

10-inch alnico guitar speaker

10in	1.75in	40W	8&15	98
254mm	Voice Coil	Watts	Ohm	dB

Following the great reviews we received for the 12" Celestion Gold, we realised there was also a need for a speaker that conveyed the Alnico mellowness of the original Blue, with the speed and response of a 10" driver. The G10 Gold is the ultimate 10" guitar speaker, blending unmistakable Alnico class with a rich low-end, creamy mid-range and vintage chiming top-end. Springy, warm, revealing and highly expressive, it can be used singly or in pairs to add a classy sheen to any amp, or in a 4x10 configuration for higher volume depth, warmth and shimmer, with less of the boom associated with 4x12 cabinets.
