

Phantom Pack

Phantom Power Supply 48V

Designed for professional recording, the Marantz Phantom Pack provides two independent channels of 48VDC phantom power. Its sophisticated circuitry delivers an extremely low-noise output, with virtually no intrusive power supply “ripple,” ensuring that your recordings are crystal clean and true-to-life. With a rugged metal housing, compact dimensions and light weight (only about three pounds), the Phantom Pack is both perfect for the studio and compact and convenient for the road.

Features

- 2-channel 48V phantom power supply
- Output with very low ripple and background noise output
- Rugged metal housing
- Universal AC operating voltage (100 - 250VAC, 50 - 60Hz)

Specs

Operating voltage	100 - 240VAC, 50~60Hz
DC output	48 \pm 2VDC
Current output	Max 2.5mA (short circuit) per channel
Power consumption	2VA
Channel separation	>95dB
Dimensions	6.3 x 5.1 x 2.2" (160 x 130 x 55mm)
Weight	3.1 lbs (1.4kg)
