

Audio Scope Gear

Shotgun Microphone Accessory Package

Be ready for any situation requiring a shotgun mic—anything from using a boom pole to using a DSLR camera. Audio Scope Gear is a kit of accessories perfect for the gig bag. The kit contains five different mounting options for DSLR cameras (and other devices with hot-shoe mounts), and mounts for 5/8" x 27 threads (microphone stands and other mounting devices). Also included are 3/8" inserts for adapting to boom poles and other mounts that have 3/8" studs.

Features

- Mounting accessories for shotgun microphones
- Shock mount for 20.8~24mm microphone diameters
- Hot-shoe camera mount adapter with locking screw
- Hot-shoe shock mount for 12~30mm microphone diameters
- Hot-shoe mount suspension clip
- Boom pole mount suspension clip
