

RECHARGEABLE ECLIPSE TUNER

The D'Addario Rechargeable Eclipse chromatic clip-on tuner offers fast, accurate tuning for unparalleled performance on and off the stage. The tuner features 24 hours of tuning per charge, a full-color vertical display, auto power-off, and pitch calibration—all in a discreet, compact design. The multi-swivel action allows for the perfect viewing angle and can be mounted in front of or behind the headstock on right- and left-handed instruments. Features a built-in lithium ion battery. USB-C cable included.

Full-color Display:➔

Red = Sharp
Blue = In Tune
Yellow = Flat

Calibration Buttons:

Press either arrow to
adjust tuner calibration
from 430 to 450Hz.➔

While charging, the middle LCD segments will scroll from left to right. When segments stop scrolling, tuner is fully charged.

Power Button: Press to toggle tuner on and off. Tuner automatically powers off in 10 minutes to save battery life.
